- (B) The Assignor (acting by the Administrators) has agreed to sell such right, title and interest as it may have (if any) in the patents and/or patent applications set out in the Schedule ("Patents") and the Assignee is willing to buy the Patents on that basis.
- (C) The Assignee is entering into this Assignment having made such inspection of the appropriate registers and such investigation as it thinks fit and in full knowledge and acceptance of the terms of this Assignment and in particular (but without limitation) the fact that no assurances, warranties or representations as to the Assignor's right, title or interest in any of the Patents are given and that the risk of good title not passing hereunder to the Assignee is the Assignee's and that since it is contracting with a company in administration the terms of this Assignment are reasonable.

IT IS AGREED as follows:

1. Assignment

- 1.1 The Assignor assigns to the Assignee such right, title and interest as it may have (if any) in the Patents absolutely. For the avoidance of doubt, this assignment shall include, in so far as the Assignor may have and may have the right to assign the same.
 - 1.1.1 the Patents and the full and exclusive benefit thereof, to the intent that any patents granted pursuant to the Patents shall be in the name of and vest absolutely in the Assignee;
 - 1.1.2 all rights, power, liberties and immunities arising from the Patents including the right to sue for and obtain relief in respect of every act of infringement of any Patent or of any patent granted pursuant to any patent application contained in the Patents, whether occurring prior to or after the date of this assignment;
 - 1.1.3 the right to apply for, prosecute and obtain patent or similar protection throughout the world in respect of the inventions claimed in the Patents including the right to claim priority from the Patents to the intent that the

grant of any patent or similar protection shall be in the name of and vest absolutely in the Assignee.

2. Exclusion of Joint Administrators' Personal Liability and Warranties

- 2.1.1 The Administrators have entered into and signed this Assignment as agents for or on behalf of the Assignor and neither they, their firm, members, partners, employees, advisers, representatives or agents shall incur any personal liability whatever in respect of any of the obligations undertaken by the Assignor or in respect of any failure on the part of the Assignor to observe, perform or comply with any such obligations or under or in relation to any associated arrangements or negotiations or under any document or assurance made pursuant to this Assignment. The Administrators are party to this Assignment in their personal capacities only for the purpose of receiving the benefit of the exclusions, limitations, undertakings, covenants and indemnities in their favour contained in this Assignment.
- 2.1.2 All representations (whether made innocently, negligently or otherwise but not fraudulently), warranties, conditions and stipulations, express or implied, statutory, customary or otherwise in respect of the Patents or any of the rights, title and interest transferred or agreed to be transferred pursuant to this Assignment are expressly excluded (including without limitation, warranties and conditions as to title, quiet possession, quality, fitness for the purpose and description).
- 2.1.3 Unless otherwise required by law (and then only to that extent), the Assignor and the Administrators and each of them shall not be liable for any loss or damage of any kind whatsoever, consequential or otherwise arising out of or due or caused by any defect or deficiencies in any of the Patents.
- 2.1.4 The Assignee agrees that the terms of this Assignment and exclusion and limitations contained in it are fair and reasonable having regard to the following:
 - 2.1.4.1 that this is an assignment by an insolvent company in circumstances where it is usual that no representations and warranties can be given by or on behalf of the Assignor and/or the Administrators;
 - 2.1.4.2 that the Assignee has relied solely upon the Assignee's own opinion and/or professional advice concerning the Patents; and
 - 2.1.4.3 that the Assignee, its servants, employees, agents, representatives and advisors have been given every opportunity it or they may wish to have to examine and inspect all or any of the Patents and all relevant documents relating to them and to obtain information from the Assignor and/or the Administrators relating to the Patents.
- 2.1.5 The Assignee acknowledges that for the avoidance of doubt, the statutory charge in paragraph 99 of Schedule B1 to the Insolvency Act 1986 shall not apply to any breach by the Assignor of any of its obligations under this Assignment.

3. **General**

- 3.1 This Assignment may be executed in any number of counterparts, and by the parties on separate counterparts, each of which so executed and delivered will be an original, but all the counterparts will together constitute one and the same agreement.
- 3.2 The parties to this Assignment do not intend that any of its terms will be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person not a party to it other than members of the Administrators or the Administrators' solicitors' firms.
- 3.3 Each party shall, subject as otherwise expressly provided in this Assignment, pay its own legal, accountancy and other costs, charges and expenses incurred in connection with this Assignment.
- 3.4 This Assignment is governed by and interpreted in accordance with English law and the parties agree to submit to the non-exclusive jurisdiction of the English courts.
